NEW FAMILIES ARE ALWAYS

Come along for a practical 'parent to parent' support session and learn some strategies and ideas for using schedules and visual supports.

If schedules and visuals are new to you, this will be a fabulous opportunity to discover lots of ideas from other parents. And if you are a parent who knows lots, this will be a fabulous opportunity for you to share your knowledge with other SPOCAAS parents.

Handouts will be available with plenty of examples.

Get involved or sit back and take it all in – the choice is yours! 😊

PS – Coffee, cake and 'supportive chats' will also be high on the agenda.

RSVP is Appreciated for Catering and Childcare arrangements
